### First NABCOP Public and Patients Annual Report published today

We are pleased to inform you that the public and patients version of the first NABCOP Annual Report has been published today – at <https://www.nabcop.org.uk/reports/nabcop-2017-public-and-patients-annual-report/>

This report is a summary version of the findings from the first year of work conducted by the audit, for the public and people with breast cancer.

This report describes:

1. what existing records show us about the surgery women with breast cancer have in England and Wales;
2. how breast cancer services in England and Wales are organised; and
3. what influences which treatments are offered to older women with breast cancer?

You can find the full 2017 Annual Report at <https://www.nabcop.org.uk/reports/nabcop-2017-annual-report/>
